Mark Braund, Executive Chairman, will make the following statement at the AGM:

"In the Company's results for the year ended 30 September 2021, published on 31 January 2022, the Company noted that it had entered the 2022 financial year with a positive outlook following a number of contract wins during the first half of the year, some being material with long-term contracted revenue further strengthening the Company's business model. The Company expects to see the benefit from these awarded contracts materialise as they continue to be mobilised during the second half of the financial year.

In addition to the contracts announced post-year end, the Company expects to continue the progress and contract win momentum and has a strong and growing pipeline of opportunities with both existing and new customers. The Board is confident that the near and long-term outlook for the Group remains positive."
