Multiple UK Contract Wins

REACT Group Plc., (AIM: REAT.L), the leading specialist cleaning, hygiene and decontamination company, is delighted to announce it has been awarded a number of contracts from one of its large Facilities Management ("FM") customers to provide specialist deep cleaning services to a number of sites across the United Kingdom.

The batch of twelve contracts, worth just over £350k will run for a period of five weeks through to the end of the August 2020. They each require experience and specialist skills core to the REACT business, including safe working practices at height and in potentially hazardous environments.

These contracts are incremental to the work REACT carries out for this customer and is non-COVID-19 related.

Shaun Doak, Chief Executive Officer, commented;

"I am delighted that REACT has been recognised by this large FM customer as the best solution provider for the specialist cleaning challenges their clients face.

The award of these contracts acknowledges the often unseen, yet exceptional work safely carried out by our colleagues at REACT.

With these contract wins we continue to see momentum in our non-COVID-19 related business. REACT remains committed to providing customers with class-leading standards and aims to build further relationships within this sector over the coming months and years."
